

§ 1952.261

29 CFR Ch. XVII (7–1–01 Edition)

against employers, and the right to review alleged violations, abatement periods, and proposed penalties with opportunity for employee participation in the review proceeding, procedures for prompt restraint or elimination of imminent danger conditions, provision for the issuance of cease operation orders in cases where employers fail to comply with final orders for abatement, and provision for inspections in response to complaints.

(d) The State intends to promulgate standards for all of the issues contained in 29 CFR parts 1910 and 1926 with the exception of Ship Repairing (§1910.13), Shipbuilding (§1910.14), Shipbreaking (§1910.15) and Longshoring (§1910.16), which standards are to be as effective as Federal standards. Michigan had originally not intended to promulgate a standard covering cooperage machinery comparable to 29 CFR 1910.214, but it has now provided assurances that it will promulgate such standard if the hazards covered by the Federal cooperage standard are found to exist in Michigan. The State has already promulgated standards as effective as subparts F, K, M, Q and S and the remaining subparts are to be covered by State standards which are to be promulgated by June 1975.

(e) The Plan includes a statement of the Governor's support for the proposed legislation and a statement of legal opinion that it will meet the requirements of the Occupational Safety and Health Act of 1970, and is consistent with the Constitution and laws of Michigan. The Plan sets out goals and provides a timetable for bringing it into full conformity with part 1902 of this title upon enactment of the proposed legislation by the State legislature. A merit system of personnel administration will be used. In addition, health and safety education and training programs are to be carried on for the benefit of employers and employees. The Department of Labor will also be conducting a Safety Director Program wherein companies which are found to have high injury incident rates will be assisted in developing safety programs.

§ 1952.261 Developmental schedule.

(a) Enactment of the Michigan Occupational Safety and Health Act by December 1973.

(b) Promulgation of occupational safety and health standards as effective and comprehensive as those set forth in chapter XVII of this title 29 of the Code of Federal Regulations by June 1975.

(c) Completion of the Michigan Compliance Manual within one year after passage of the state legislation.

(d) Promulgation of regulations similar to parts 1903, 1905, and 2200 of this title within one year after passage of the state legislation.

(e) Promulgation of 29 CFR part 1904 as a State regulation, including any amendments to part 1904, within one (1) year following passage of the proposed legislation.

(f) Development of a new coordination agreement between the Michigan Departments of Labor and Public Health within three months following the passage of the proposed state legislation.

(g) Implementation of the state's public employee program within one year following passage of the proposed legislation.

(h) Within three years of plan approval all developmental steps will be fully implemented.

This certification attests to structural completion, but does not render judgment on adequacy of performance.
